

Maxim Albuhaire's Wedding

This is the wedding of my brother-in-law Mair's son Maxim in Sofia in the 1970s. This is his first wife. They are in the center as the newly married couple. The woman sitting on the chair is his maternal grandmother. I am third from the right. There were many journalists at the wedding, as both Maxim and his wife were journalists. Later he divorced her, but he is married again, to a Bulgarian journalist. Both he and his current wife work for the Sega newspaper.
