

## Luna Romano At Gazi Park With Her Family

In this photo you can see my mother in the middle. My aunt, my father's sister, Dina Razon (now Mizrahi) is on her right with her husband Rifat Mizrahi, their friends, and on the left my aunt's daughter Rasel Yener. She lives in Istanbul. My wife's father did his military service in Sarikamis during the Wealth Tax. He, Salamon Razon, brought all his goods from his store to the house they were living in. His aunt later tried to sell these goods and get some cash for him. The aunt Dina Razon (later Mizrahi) is Erol Mizrahi's mother. During the Wealth Tax, all the family moved to Ortakoy in Istanbul. When business went back to normal, they returned to Edirne.
