

Simon Meer At The General Assembly Meeting

Here I am, Simon Meer, the one standing in the second row to the left.

I was giving a speech at the General Assembly meeting, during my first semester in 1982 at the Viestul Craft Cooperative, where I was the vice president.

The others in the City Hall were all from the Viitorul Mestesugaresti Cooperative.

The location of the City Hall was in Dorohoi where the most General Assembly's were finding part. Two semester, were one year.
