

Olga Camus

This is a photo of my cousin Olga Camus, who came to visit from Beirut. Others tried to make Olga and myself close acquaintances at some point in the past. But nothing came of it. I got married to Eva Ibrahimzade in the end. I had a very nice group of friends till I got married. In our time, we didn't have any Turkish friends. Jojo Bati's brother, Selim Bati, was married to my niece. Jojo Bati was my best friend and we came to Istanbul from Urfa together. He left to go to the USA. Another friend from Urfa, Moiz Moseri immigrated to Israel and has died. Murat Binler has been my friend since Urfa. Armando Gatenyo was my childhood friend. We lived in the same street. Niso Behar and Leon Menase were my other friends. We were a handful of guys. I lost them all after I got married. I couldn't have many friends while I was married.
