

## A black and white photograph of a group of nine medical professionals, likely nurses, posing in front of a building. They are wearing white uniforms and caps. The building has a sign that reads "ОБЕДИНЕНО МЕДИЦИНСКИ ЦЕНТРАЛ" (United Medical Center). The group consists of seven women and two men, arranged in two rows. The background shows a building with large windows and a sign above a door. The ground is paved, and there is a white line painted on it.

Here I am with my students from the courses I used to teach. I was a lecturer in children's diseases at the Institute of Nurses in Sofia. We are in front of the school's entrance. It was such a parting with them - with tears and flowers. The photo was taken in 1974 or 1975.
