

Hashomer Hatzair Members

This is a photo of Hashomer Hatzair members, taken in Presov in the 1940s. Hashomer Hatzair was very important to everyone in our group of youngsters. My youngest sister Alzbeta would go there with me, and the Kamenski brothers, Pali and Lori, also came. Lori was really smart and quite talented in school. He didn't survive the camps. Actually, nobody of those people you can see on the photo is alive, except for Rosenberg Imrich, who was in Theresienstadt during World War II. The others were all killed in the Holocaust.
