

Shemaya Geron With His Classmates

This is a photo of an excursion of my husband Shemaya Geron and his high school mates to Debelata Koriya region near Sliven. It was taken in 1941. My husband is the third from the right in the last row. At that time he was in the last high school grade. My husband and I studied in the same school - the Sliven high school. He was one year older than me and was studying in the higher grade. We became close friends only after I went to study medicine in Sofia.
