

Vacation In Holland

We often went to Holland together, my parents, my grandparents and me. Sometimes I went alone with my grandfather.

We went to Delft to visit my brother, to the Hague and to Katwijk at the North Sea.

We always stayed in Holland for a while. I think it was two or three weeks at a time, 10 days at least.

This picture was taken in 1933, I still had school vacation.

I went to Holland with my grandfather and my aunt Flora, who kept the household.
