

Out For A Walk In Abbazia

This is a picture of my parents, Alexander Urban and Alzbeta Urban. It was taken at the beginning of the 1930s during their vacation in Abbazia. I don't know how my parents met, but before my brother and I were born, they used to go on various outings and vacations. I've for example got a ton of photographs from trips and vacations in Georgia and Italy. Of them bathing, and on a motorboat. My parents had two sons. First I, Ladislav Urban, was born in 1934, and in 1938 my brother Tomas.
