

Holocaust education with 20th century family stories

A Centropa Webinar for Israeli educators

Wednesday, March 31, 2021 ~ 15:00-18:00 IST ~ Zoom

We are pleased to invite you to the very first Centropa webinar, "**Holocaust education with 20th century family stories**", for Israeli educators. The program will take place on **March 31, 2021 at 3-6pm Israeli Time on Zoom**. All educators and NGO representatives are welcome to participate.

Join us in preparation for Yom HaShoa to gain new resources and tools, discuss common challenges and ideas about Jewish education, and form partnerships for the future. We welcome both our "veteran teachers", and those who are new to our network.

Program highlights:

- Learn about Centropa interviews, photographs and short films, and new ways to teach 20th century Jewish history through personal stories;
- Familiarize yourself with Centropa materials in Hebrew language;
- Learn about ready-made resource packs we created in cooperation with the National Library of Israel (NLI);
- Meet like-minded educators to discuss tools and resources together;
- Become a member of a unique community of Jewish educators and learn about great opportunities for you and your students.

Who are we?

Centropa, a historical institute based in Vienna, interviewed 1,200 elderly Jews living in 15 European countries. We didn't use video or focus on the Holocaust, but asked our respondents to tell us their *entire* life stories spanning the 20th c. as they showed us their old family photographs.

Centropa Jewish Network (CJN) is a platform for teachers in European, Israeli, and US Jewish schools to network, share ideas, and create projects together. We do this by organizing seminars, student competitions, and international projects for Jewish schools.
